

# BALLETDANSE™ PLUS

## MARLEY FLOORING

---

**COLORS: BLACK | DARK GREY**

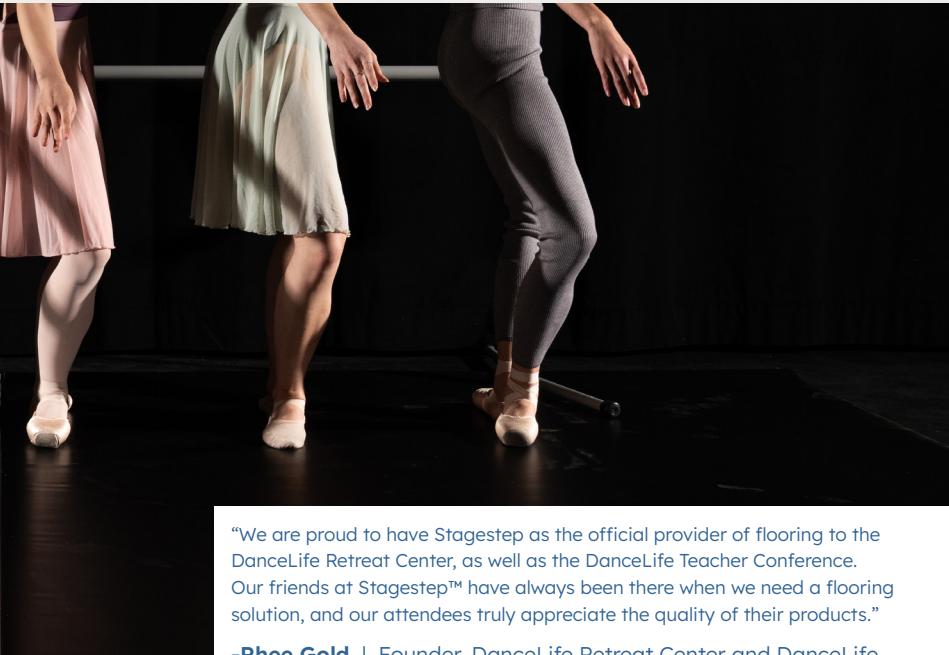

---

Balletdanse Plus roll-out dance flooring is a multi-layer textured Marley dance floor, designed with performance and safety in mind. Balletdanse Plus is the pre-eminent dance surface for pointe work.

Recommended for ballet, jazz, modern dance and virtually all movement activities with the exception of tap and other percussive shoe dancing due to sound muting by foam backing.

"We are proud to have StageStep as the official provider of flooring to the DanceLife Retreat Center, as well as the DanceLife Teacher Conference. Our friends at StageStep™ have always been there when we need a flooring solution, and our attendees truly appreciate the quality of their products."
